### Important

Before using this guide you will need to have a Nochex account, if you haven't already signed up click the following link and choose between either a Seller or a Merchant account:<u>https://www.nochex.c</u> om/gb/merchant-services/

Customers are recommended to always back up their code before making any significant changes, such as these detailed in this document.

## Setting up Nochex as a Payment Option

- With the Nochex payments module installed you can not only accept credit card payments but also Nochex members can pay using their Nochex account.
- Customers don't even need a Nochex account to make payments through Nochex, making it quick and easy for customers to make payments.
- Nochex uses anti-fraud protection like 3D secure the leading "Internet Authentication Protocol" designed by Visa and MasterCard, to ensure your customers can make payments in confidence.
- Emails are sent directly from Nochex giving payment confirmation both to the customer and the seller.

The installation instructions below explain how to setup Nochex as a payment option in CubeCart.

### Installation Instructions

### Updating the files

- 1. Before you can enable Nochex as a payment option, you will need to update or add your new Nochex module files available <u>here</u>.
- 2. You will need to extract and copy the downloaded files into your website at the location <*website>/modules/gateway/nochexor nochex\_apc* and overwrite the files with the same name already there.

#### **Enabling the Module**

- 1. Firstly **login** to your Cubecart account
- 2. Go to Manage Plugins in the Plugins section.
- 3. You will be taken to a page where you can select the payment module you wish to install. Click **Edit** beside the Nochex logo.

 You will now need to enter details about your Nochex account. It is recommended that you put the status into **Test Mode** to check if everything is working. After you have found that everything is working as it should, remember to put the status to **Live Mode**, otherwise no money can be accepted.
